## President's Message

Hello,

Welcome to the cool weather. It is a nice change. Personally all the sun and heat gets a bit much after this many years of it. Having just two seasons with the cool one so short is tiresome at times.

Again, at the general meeting we will have two new boxes of slabs and rocks from that donation mentioned last month. The clubhouse will be open early and at 7:00 p.m. members may look over and make purchases.

You may have noticed that we have installed a mailbox at the clubhouse. We still want you and everybody else to use the Post Office box (P.O. Box 13254) for all business, as the mail box will not get checked very often. This is for the few times that people trying to find us will come across and use our street address rather than the preferred Post Office box.

We will have a Clubhouse Work Day on December the 5th to get some needed maintenance done. The main task will be to paint the outside. Colors are being chosen and materials gathered. One task already completed is the replacement of the cracked and badly bowed boards on the gable end at the handicap parking space. Charles Woolheater provided the labor and materials to keep us dry and in good shape. He is back in Virginia now but please keep this in mind and thank him when he's down again. Other prep work will be done on Mondays the 23rd and 30th before the capping session. Things like patching holes, pressure washing, pulling out the cable TV wires and trenching are scheduled then. I need some help on those days and will be talking to people about scheduling some time.

Thank You,

*Bill Schmidt, President*

## Traffic Report!

For this months meeting not much has changed for traveling to the clubhouse. At time of publication 46th Ave. N. is still one way, heading west. The County is almost done laying pipe on the opposite side of the road from our property but not quite. So with the time change making it dark out at 7:30 p.m., please be extra careful. Coming in the back way by means of 48th Avenue between 71st Street and the curvy CR16 is still and will be open the during all of the construction.

For those of you who use Interstate 275 you may have not heard that 38th Avenue is back open. All the drainage work at the rail road crossing is done. The road way is smooth and fast now.

*Bill Schmidt*

## Volunteers Needed!

On Saturday, December 5th we will be having a clubhouse painting and clean up party. Bring your lunch, coffee will be provided. We will begin at 9 a.m. and go until whenever.

We need your help, so please come out and help us. Remember this is your clubhouse, let's work together to keep it looking the best we can.

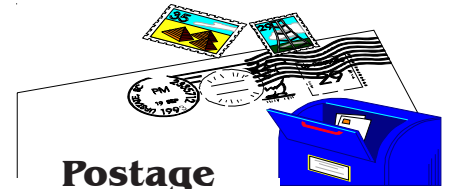

## Deepest Sympathy

Friday, November 6, 2009

I have just read the sad news that *Edna Rothermel* has passed away. Edna and her husband George are life members of our club. They spent many, many hours of service to our club. There was a Memorial Service on November 7th at 1 p.m. at the Grace Bible Church, 555 61st Street South in St. Petersburg. Our deepest sympathy to their family.

*Sue Hazelden*

## Postage Stamps Needed

Please remember to bring those stamps to the meeting. Stamps must be either off the paper or neatly trimmed with 1/4" border around the stamp.

## Show News

The time is here again to begin the preparation for our show. While vendors have been contacting us for a while and last years dealers received their contracts around July the many jobs, tasks and details start now. First off are the fliers and advertising. Again, we will have half-sheet fliers and business cards for getting the word out.

At this months meeting they will be available for anyone who needs them this early. (I already have three request for them just myself.) The big push for handing these out will be in January and February.

We need to hit people not too early where they will forget about us by the time March 5th comes around, but also not too late where they will already be booked for that weekend. So begin thinking about where you frequently go that might allow a flier to be put up, and ask! We need to have a good number of people through the door so our dealers have a chance at sales. As the saying goes "You can lead a horse to water but you can not make him drink". Our job is the first part.

Thanks,  
Bill Schmidt
